Shortening or exempting quarantine period for arrivals who have a valid vaccination certificate

- With a valid vaccination certificate, you can shorten your quarantine period of 14 days at home or in the place you're staying if you are entering from
 - "undesignated countries/regions", whose travelers are not required to stay at the governmentdesignated accommodation, or
 - "designated countries/regions", whose travelers are required to stay for 3 days at the governmentdesignated accommodation and report to the Ministry of Health, Labour, and Welfare (Health Monitoring Center for Overseas Entrants (HCO)) the negative test result (PCR Test or Quantitative Antigen Test) on or after the 10th day after entering Japan.
- OWith a valid vaccination certificate, you are exempt from the 3-day stay at the government-designated accommodation and the test on the 3rd day after entering Japan if you are entering from the "designated countries/regions", whose travelers are required to stay for 3 days at the governmentdesignated accommodation. However, you still need to stay at home or in the place you're staying during the designated quarantine period.
- *You must follow the instructions by the quarantine station or public health office, even if the above requirements are met.
- *The above measures are not applied to children who are not able to get vaccinated because of the age restriction.
