Agematsu R, Nakahara T. **Government's role in community health centres in Japan.** International Conference on The Community Health Centers. Montreal. 1995. 12

## Department of Physiological Hygiene

### Proceedings with abstracts

Gmitrov J, Ohkubo C, Yamada S, Gmitrova A, Xu Sh. **Static magnetic field/SMF/ effects on micro and macrocirculation by sinocarotid baroreceptors.** Abstract Book of 17th Annual Meeting of BEMS. Boston. 1995. 6 : 71-72

Xu Sh, Ohkubo C. **Physiological effects of static magnetic fields on the cutaneous microcirculation in the rabbit.** Abstracts of the 2nd Asian Congress for Microcirculation. Beijing. 1995. 8 : 92

Ohkubo C, Yamada S, Xu Sh, Asano M. **Intravital-microscopic studies on microcirculatory changes during experimental hypertension,**

**repetitive tobacco smoke inhalation and cholesterol feeding in the rabbit.** Abstracts of the 2nd Asian Congress for Microcirculation. Beijing. 1995. 8 : 122 (Symposium)

Ohkubo C, Asano M. **A comparative study on cutaneous microvascular responses to acupuncture and static magnetic field exposure in the conscious normal rabbit.** Abstracts of the 2nd Asian Congress for Microcirculation. Beijing. 1995. 8 : 265 (Symposium)

Sasaki A, Uchiyama I, Mori N, Honda Y, Harasawa H. **Health effect and risk at population level in Japan by global warming.** Soc Risk Analysis. Honolulu, 1995. 12

## Department of Nutrition and Biochemistry

### Proceeding with Abstracts

Fujita H, Kondo M, Taketani S, Nomura N, Fruyama K, Akagi R, Nagai T, Terajima M, Galbraith RA, Sassa S. **Characterization of cDNA encoding coproporphyrinogen oxidase from a patient with hereditary coproporphyrin.** Int. Symp. Porphyrins and Heme Related Disorder. Helsinki. : 1995. 6 (Symposium)

Sato I, Kuroda T, Kawada T, Mori Y, Kondo M. **Effect of dietary lipids on the levels of tissue iron, hepatic heme biosynthetic enzymes, and erythrocyte porphyrin.** Asian Congr. Nutr. Beijing.: 1995. 10 (Symposium)

Kondo M, Horie Y, Okano J, Kawasaki H. **Por-**

**phyria cutanea tarda and HCV infection.** Int. Hepatol. Commun. Fukuoka. 1995. 7

Yuyama S, Kawano Y. **Urinary excretion of N<sup>1</sup>-methyl-2-pyridone-5-carboxylic acid and fate of remaining trigonelline.** 8th International Meeting on Tryptophan Research. Padova, Italy. Jun 1995

Yuyama S, Kawano Y. **Urinary excretion of N<sup>1</sup>-methyl-2-pyridone-5-carboxylic acid and its related compounds in human subjects after oral administration of nicotinic acid, trigonelline and N<sup>1</sup>-methyl-2-pyridone-5-carboxylic acid.** 7th ASIAN Congress of Nutrition. Beijing, China. Oct 1995

## Department of Microbiology

### Proceedings with abstracts

Nishio O, Ushijima H, Isomura S, Hasegawa A. **Comparison of adenoviruses 40 and 41 long fiber gene among Japanese, Pakistan and Thai strains.** 29th Joint Viral Thieoses Panels Meeting US-Japan Cooperation Medical Science. USA. 1995. 8

Ushijima H, Wen L, Kakizawa J, Nishio O. **Sequence analysis of astrovirus capsid region for serotyping.** 29th Joint Working Conference on

Viral the United States-Japan Cooperation Medical Science. USA. 1995. 8

Ushijima H, Xin Ke-Qin, Nishimura S, Morikawa S, Abe T, Nishio O. **Detection and sequencing of the rotavirus VP7 gene from human materials (stools, sera, cerebrospinal fluids and throat swabs) by reverse transcription and polymerase chain reaction.** 5th International Symposium on Laulb-stronded RNA viruses. 1995. 3

## Department of Industrial Health

### Proceedings with abstracts

Sasaki A, Uchiyama I, Mori N, Honda Y, Hara-

sawa H. **Health effect and risk at population level in Japan by global warming.** Soc. Risk Analysis, Honolulu. 1995. 12

## Department of Veterinary Public Health

### Books

Kyuwa S, Machii K, Okumura A, Toyoda Y. **Primary murine coronavirus infection in mice ; A flow cytometric analysis** : In "Corona-and related viruses." (Ed. Talbot P J, and Levy G A.) Plenum Press. New York : 1995

### Proceedings with abstracts

Toyofuku H, Konuma H, Shinagawa K. **Estab-**

**lishment of evaluation methods for microbial controls at beef slaughterhouses in Japan.** World Veterinary Congress, Yokohama. 1995. 9

Okada Y, Makino S. **Direct detection of *Listeria monocytogenes* in food by PCR.** 12th International Symposium on Problems of Listeriosis, Perth. 1995. 10

## Department of Radiological Health

### Proceedings with abstracts

Sugiyama H, Terada H, Shibata H, Kato F.

**Mushroom uptake study of radiocesium from substrate.** European Symposium on Optics for Environmental and Public Health Safety, Munich. 1995. 6

## Department of Community Environmental Science

### Proceedings with abstracts

Seto S, Kitamura M, Mori A, Noguchi I, Ohizumi T, Takeuchi T, Deguchi T, Hara H. **Relationship between wet deposition of sulfate and nitrate and rainfall amount in Japan.** Abstract for International Conference on Acidic Deposition Kluwer Academic Publishers. 1995

Ishikawa Y, Yoshimura K, Mori A, Hara H. **The variations in sulfate and nitrate concentrations at Nagasaki, Japan for 1983-1988.** Abstract for International Conference on Acidic Deposition Kluwer

Academic Publishers. 1995

Hara H, Kitamura M, Mori A, Noguchi I, Ohizumi T, Seto S, Takeuchi T, Deguchi T. **Precipitation chemistry in Japan 1989-1993.** Abstract for International Conference on Acidic Deposition Kluwer Academic Publishers. 1995

Hara H, Kitamura M, Tamaki M, Tsuruta H. **A theoretical consideration of acceptable ranges of ion balance.** Extended Abstracts on Papers Presented at the WMO-IGAC Conference on the Measurement and Assessment of Atmospheric Composition Change. Beijing, China. 9-14 October. 1995

## Department of Architectural Hygiene Engineering and Housing

### Proceedings with abstracts

Iwata T, Ikeda K, Saito C, Kashiwa T, Kimura K. **Measurements on indoor air quality, visual and thermal environment in Japanese houses with**

**elderly occupants.** Proc. of Healthy Buildings '95, An International Conference on Healthy Buildings in Mild Climate ; 1995 : 1 : 419-424

Ikeda K, Nozaki A, Yoshizawa S. **Prediction of nitrogen dioxide concentration in residences with**

**unvented kerosene fired space heaters.** Proc. of Healthy Buildings '95, An International Conference on Healthy Buildings in Mild Climate ; 1995 :1 : 561-566

Ikeda K, Iwata T, Irie T, Masuda T, Tochihara Y, Ohnaka T, Hori M, Ishikawa K. **An international study of indoor air quality and climate in office buildings, Second report.** Proc. of Healthy buildings '95, An International Conference on Healthy Buildings in Mild Climate ; 1995 : 3: 1407-1412

Iwata T, Tochihara Y, Ohnaka T, Masuda T. **Effect of inhalation of high concentration of oxygen on physiological and subjective responses and work performance.** Indoor Air Quality, Ventilation and Energy Conservation in Buildings.

Montreal. May 1995

Minami Y, Iwata T, Kashiwa T, Kimura K. **Experimental study on a method for evaluating-characteristics of modelling effected by windows.** 23rd Session of the CIE. New Delhi. Nov 1995

Iwata T, Tiller DK, Pasini IC, Ralston RJ. Newsham Gr. **Furniture mounted lighting system performance, 1. Lighting energy consumption.** 23rd Session of the CIE. New Delhi. Nov 1995

Iwata T, Tiller DK, Pasini IC. **Furniture mounted lighting system performance, 2. Illuminance distribution on task area and luminance distribution in a visual field.** 23rd Session of the CIE. New Delhi. Nov 1995

## Department of Water Supply Engineering

### Proceedings with abstracts

Konno H, Sato A, Magara Y. **Characteristics of deposit of diatom in filter and effective factors to filter clogging.** Separation of Particles, Session 4A. 1995 ; 103-108

Takagi H, Aizawa T, Kasahara M, Magara Y. **Behavior of pesticides in the water resource from the paddy area.** IWSA Specialized Conference on Advanced Treatment and Integrated Water System Management into the 21st Century. 1995. 5

Aizawa T, Magara Y, Sasaki T, Kozasa H, Asami M. **The performance of disinfection and by-products of selected disinfectants.** Disinfection By-products in Drinking Water, Critical Issues in

Health Effects Research. 1995. 10

Aizawa T, Magara Y. **Behaviour and assessment of pesticides in drinking water production systems.** 4th Korea/Japan Symposium on Water Environment. New Technology for Water and Waste water Treatment. 1995. 11

Asami M, Suzuki N, Nakanishi J. **Aquatic toxicity emission from Tokyo : Wastewater measured using marine luminescent bacterium, Photobacterium phosphoreum.** 2nd International Association of Water Quality (IAWQ) Specialized Conference on Assessment and Control of Environmental Contaminants in Water. Copenhagen, Denmark. Jun 1995 ; 50

## Department of Waste Management Engineering

### Proceedings with abstracts

Tanaka M, Oosako M, Matui Y, Machida N. **Risk assessment and management in waste life-cycle for mercury and antimony contained in products.**

Annual Meeting and Exposition, society for Risk Analysis and the Japan Section of SRA, Hawaii, Dec 1995

Tanaka M. **Policies and measures for waste minimization in Japan.** OECD International Work-

shop on Waste Minimization. Washington D.C. Mar 1995

**of shredder dust.** 1995 Pacific Basin Conference on Hazardous Waste. Edmonton, Canada. May 1995

Tanaka M. **Countermeasures for proper disposal**
