

**DUTY OF MEDICAL OFFICER TO GIVE NOTICE TO OVERSEER OF EVERY LUNATIC OF WHOSE LUNACY HE SHALL HAVE KNOWLEDGE.**

136. The terms of the section are, "That every pauper lunatic, chargeable to any parish, who shall not be in an asylum, &c., shall be visited once in every three months by the Medical Officer of the parish or union to which such lunatic shall belong." The Commissioners think it clear that this provision casts upon you, as Medical Officer, the duty of visiting every pauper lunatic who "belongs" to any parish within your district. It is provided in the Interpretation Clause (section 84) that the word "lunatic" shall mean every insane person, and every person being an idiot or lunatic, or of unsound mind. The question then arises, what meaning is to be attached to the word "belong," as used in the sentence above cited. The Commissioners have had occasion to communicate on this subject with the Commissioners in Lunacy, who state their views in the following terms: "The Commissioners in Lunacy apprehend that the word 'belong' will be satisfied by holding, for the purpose of that the Medical Officer of the Union within which the pauper resides, and through the Relieving Officer of which, as the Commissioners assume, the weekly payments are made, is the proper Medical Officer to visit the pauper." As the duties imposed by the 55th section are cast upon you as Medical Officer by the statute, which makes no provision for any special payment on that account, the Commissioners think that you are not entitled to any separate fee for the performance of this particular service; but as this additional labour was not contemplated when your appointment took place, it may be a matter for consideration by the Guardians, whether they will deem it right to recommend any increase in your remuneration. Nov. 10, 1845.

**RELIEVING OFFICER, GUARDIAN, OR OVERSEER, TO GIVE NOTICE TO MEDICAL OFFICER OF LUNATICS.**

137. 1st.—The Relieving Officer, or the Guardians, or the Overseers, will doubtless give you the information as to the pauper lunatics who are residing in your district. 2nd.—No time is specified in the Act for making the return; it must be made within every three months; and, consequently, it would seem most convenient that the return should be made at the end of each three months. 3rd.—The Commissioners are not prepared to give any general instruction as to the meaning of the words "fit to be at large," as it is incumbent upon the Medical Officer to make any specific report upon each particular case. But they observe, that the Legislature appears to have contemplated that other than harmless idiots may be fit to be at large, as the term actually used is lunatics, which includes, according to the Interpretation Clause, insane persons, and persons of unsound mind, as well as idiots. 4th.—In regard to the lunatic pauper in the Workhouse, it appears that so far as the Medical Officer is concerned, he must give notice, in writing, under section 48, to the Relieving Officer of the Union, in which the parish to which the pauper is chargeable is comprised; and this Relieving Officer must take the requisite proceedings under the statutes. It is manifest, therefore, that no entry in the Form C, nor any notice to the Master, will be a compliance with this provision. 5th.—The Commissioners consider that you cannot certify as to the insanity of any lunatic paupers, who are taken before the Justices, whether they belong to your own district, or any other district in the Union, such paupers not being wandering lunatics. 6th.—It does not appear that there is any restriction upon your certifying as to the insanity of any wandering lunatic brought before the Justices, under the 49th section. October, 1845.
