

nected therewith, so far as he shall effect any such works in any building erected before the confirmation of these bye-laws, as if the same were being constructed in a building newly erected.

22. In these bye-laws the word "person" includes any body of persons whether corporate or unincorporate.

23. These bye-laws shall not extend to the City of London.

The foregoing bye-laws were made by the London County Council on the 30th day of October, 1900, and were submitted to and confirmed as a subsequent meeting of the Council, held on the 6th day of November, 1900, and the common seal of the Council was hereunto affixed on the 7th day of November, 1900.

G. L. GOMME.

Clerk of the Council.

Approved by the Local Government Board this 14th day of June, 1901.

S. B. PROVIS.

Secretary.

Acting on behalf of the said Board under the authority of their General Order dated the 26th day of May, 1877.

THE SUPERANNUATION ALLOWANCES (MET.) ACT, 1866.

SECTION 1.—The vestry of any parish and district board of any district or other parochial body within the Metropolis, and also the Metropolitan Board of Works "may," at their discretion, grant to any officer in their respective services, including the chairman of the Metropolitan Board of Works, who shall become incapable of discharging the duties of his office with efficiency by reason of permanent infirmity of mind or body, or of old age, upon his resigning or otherwise ceasing to hold office, an annual allowance "not exceeding in any case two-thirds" of his then salary, regard being had to the scale of allowances hereinafter contained, and shall charge such allowance to the fund or funds to which such salary would have

been charged if he had continued in his office; provided always that nothing in this Act contained shall affect the powers contained in the two hundred and thirteenth section of the "Metropolis Management Act, 1855."

SECTION 2.—This allowance shall be payable to or in trust for such officer only, and shall not be assignable for nor chargeable with his debts or other liabilities without the consent in writing of the Vestry, District Board, Metropolitan Board of Works, or other parochial body.

SECTION 3.—No officer shall be entitled to such allowance on the ground of old age who shall not have completed the full age of sixty years.

SECTION 4.—Subject to the provisions herein contained, the allowance to be granted after the commencement of this Act to persons who shall have served in an established capacity as officers as aforesaid, whether their remuneration be computed by weekly wages, poundage, or percentage on collection of rates, or annual salary, shall be as follows, that is to say:—To any person who shall have served ten years and upwards, and under eleven years, an annual allowance of ten-sixtieths of the salary and emoluments of his office.

And in like manner an addition of one-sixtieth in respect of each additional year for such service until the completion of a period of service of forty years, when the annual allowance of forty-sixtieths may be granted; and no addition shall be made in respect of any service beyond forty years; but in computing the time of an officer's service any period during which such officer shall have been in the service of a Vestry, Board of Trustees, or other parochial board of the "same parish," superseded by the "Metropolis Management Act, 1855" or of any parish comprised in the district board granting such allowance, shall be included.

SECTION 5.—When for the due and efficient discharge of the duties of any office professional or other peculiar qualifications not ordinarily to be acquired in the Vestry or Board's service are required, and any person having such qualifications shall have been or may be appointed thereto beyond the age of thirty years, any Vestry or Board may, by order direct that when any person now holding or who may hereafter be appointed to such office shall retire from their service, a number of years, not exceeding ten, to be specified in the said order, shall in computing the amount of superannua-

tion allowance which may be granted to him under this Act, be added to the number of years during which he may have actually served.

SECTION 6.—Any Vestry or Board or other parochial body may grant any person who is compelled to quit their service by reason of severe bodily injury occasioned, without his own default, in the discharge of his public duty, or from infirmity of mind or body, before the completion of the period which would entitle him to superannuation allowance, a gratuity not exceeding three months' pay for every two years of service.

SECTION 7.—No grant shall be made without one month's previous notice, to be specially given in writing to every member of the Vestry or District Board, of the proposal to make such grant, and the time when it shall be brought forward.
